

PRESS RELEASE
19 December 2005

Two new ministries to be established in Azerbaijan

Two new ministries will be established in Azerbaijan, in accordance with relevant Executive Orders signed by President Ilham Aliyev on Friday, 16 December 2005.

According to the Presidential Order, the Ministry of Emergency will be in charge of “protection of population from natural disasters, man-caused accidents and fires, removal of consequences of such cases, implementing state policy in field of civil defense, ensuring coordination of activity of central and local executive power bodies, other enterprises and organizations on rescue and restoration”.

With a view to improve state management structure in the Republic of Azerbaijan, the Ministry of Defense Industry will be set up following the abolishment of the State Special Machinery and Conversion Committee of Republic of Azerbaijan.

The Cabinet of Ministers is thereby instructed to develop and submit to the President its proposals on the draft Statue of the Ministries, as well as documents outlining their structure, cost estimates and personnel.
