## PERMANENT MISSION TO THE UNITED NATIONS

*(Please check against delivery)*

**STATEMENT BY  
H.E. AMBASSADOR MUHAMMAD SHAHRUL IKRAM YAAKOB  
PERMANENT REPRESENTATIVE OF MALAYSIA TO THE UNITED NATIONS**

**AT THE UNITED NATIONS DISARMAMENT COMMISSION  
NEW YORK, 2 APRIL 2018**

---

Thank you Madam Chairperson.

2. At the outset, let me express my warmest congratulations to you on your election to preside over our 2018 substantive Session of the United Nations Disarmament Commission. We also congratulate other members of the Commission's Bureau and the Chairpersons of the respective Working Groups.

3. Malaysia aligns itself with the statement delivered this morning by Indonesia on behalf of Non-Aligned Movement (NAM), and the statement to be delivered tomorrow by the Philippines, on behalf of the Association of the Southeast Asian Nations (ASEAN).

Madam Chair,

4. Malaysia continues to attach importance and significance to United Nations Disarmament Commission (UNDC) as it is the sole specialised body with universal membership in the field of disarmament, non-proliferation and arms control.

5. On nuclear disarmament and non-proliferation of nuclear weapons, Malaysia is proud to be among the signatories of the Treaty on the Prohibition of Nuclear Weapons (TPNW) which was adopted on 7 July 2017. We believe that the TPNW complements the existing disarmament and non-proliferation international instruments.

6. Malaysia continues to uphold and adhere to the NPT which serve as guiding principles towards general and complete disarmament under strict and effective international control. We view the NPT as the cornerstone of the global disarmament and non-proliferation regime. We therefore call on all State Parties of the NPT to honour all their commitments made under this Treaty without discrimination.

7. As we speak, delegations are undertaking their final preparation for the Second Preparatory Committee for the 2020 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons (NPT) to be held in Geneva. Malaysia hopes that this year's Prep-com will achieve tangible results and effective continuity of existing discussions in laying the groundwork for next year's Prep-com in New York.

Madam Chair,

8. Malaysia reiterates the Advisory Opinion of the ICJ on the Legality of the Threat or Use of Nuclear Weapons of 8 July 1996. The Advisory Opinion, among others, unanimously concluded that "there exists an obligation to pursue in good faith and bring to conclusions negotiations leading to nuclear disarmament in all its aspect under strict and effective international control". We see merit in the reiteration while noticing the urgency for the Commission to conduct its work on the agenda of nuclear weapons in this context.

Madam Chairperson,

9. We applaud the efforts and spirit of cooperation during the recent Preparatory Committee for the Third United Nations Conference to review progress made in the implementation of the Programme of Action to Prevent, Combat and Eradicate the Illicit Trade in Small Arms and Light Weapons in all its aspects.

10. Malaysia on its part, remains committed towards the establishment of adequate and stringent domestic laws to effectively control the circulation of conventional arms and illicit trade of arms.

11. In the same vein, we continue to support confidence building measures at all levels in the field of conventional weapons, in our collective efforts to strengthen international peace and security. We do hope that necessary negotiations will continue to be conducted in good faith to narrow the gap between divergent views among member states in this field.

Madam Chairperson,

12. Malaysia welcomes the adoption by the General Assembly on 4 December 2017 of the Resolution 72/76 on the Prevention of an arms race in outer space and Resolution 72/27 focused on no first placement of weapons in outer space.

13. We also welcome further dialogues to deepen understanding on issues pertaining to space security threats and hazards, transparency and confidence-building measures for enhancing space security and areas for practical international cooperation in a comprehensive and balance manner.

Madam Chairperson,

14. In conclusion, let me reassure you that Malaysia will play its part in our active discussion on nuclear disarmament and non-proliferation of nuclear weapons, including issues on outer space to prevent an arms race, towards strengthening global peace and security.

15. I thank you once again, Madam Chair.
