Chairman, Trusteeship Council  
United Nations

Dear Sir:

I sincerely urge you to take the strongest possible action to question,  
and if it seems desirable, to protest and try to prohibit the announced hydrogen  
bomb tests recently publicized by the government of the United States.

I am writing to the United States government agencies responsible, as well  
as to the United States delegation. But I feel world opinion could be the most  
effective instrument to stop this outrage.

Very truly yours,

(Signed) A. ELLIOTT CASTELLO
